## Season 2025/2026 - Fees and Membership Options

This season's fees have been calculated by the committee and are laid out below. We aim to make playing lacrosse as affordable as possible for our members while covering our costs and ensuring the club remains sustainable.

### What do the fees cover?

Fees for this season cover the cost of pitch hire for training and matches, equipment, coaching, match umpires, league fees, and the club's Lacrosse Scotland membership. If you wish to find out more about these costs and how fees have been calculated, please speak to the club's treasurer, Mhairi Hill.

### Lacrosse Scotland Membership

In addition to your club fees, all players are required to pay Lacrosse Scotland membership. Lacrosse Scotland is the governing body for lacrosse in Scotland. Among other things, this subscription covers insurance for training and matches.
